## It’s time to discover the right shoes for you.

For healthcare professionals, it’s all go. Unfortunately, not all the footwear that you wear will be up to the job, leading to feet aching, hurting and feeling somewhat unloved. But shoe discomfort doesn’t just impact your feet. We understand the wrong shoe choice can lead to a whole world of pain in your knees, hips and lower back. Which is why we’ve spent so much time getting our footwear right first time. Giving you greater support and providing effective, long lasting pain relief for virtually every type of feet. So to you, we say start loving your feet, because we do.

### Our Price Promise

We want everyone to be able to wear Toffeln shoes, so we work hard to deliver at the most reasonable price possible. If you find equivalent footwear at a lower price, we will better that price (reasonable proof required).

### Your Guarantee

True to our mission, we rigorously check and guarantee the quality of every pair of shoes that we dispatch. So when you receive yours, if they fail to reach the high quality you would expect we will replace them. As further assurance, we are an ISO 9001 quality registered company.

### A step-by-step guide to ordering Toffeln.

1. **Choose your style.**

   Use the product code followed by the size required (sizes below 10 will need to be prefixed with a zero). For example if you order the AktivFlex in a white size 6 the order code is 220W06. For this style in a size 10 the order code is 220W10.

Toffeln ComfortTech improves the lives of hard-working healthcare professionals, by harnessing the science of biomechanics (the way your body works) and material science (the way stuff works).

Our partnership with the University of Salford helps us stay at the forefront of global innovation in our field. Experts at the University help us with our research, and provide exclusive access to advanced scientific knowledge in shoe design and foot support.

Every feature of every Toffeln shoe goes through a cycle of design, refinement, testing and improvement. We call this continuous process the ComfortTech Innovation Loop.

This five-stage development cycle drives our research and development programme, and enables us to build our understanding of advanced ergonomics, so we can continue to manufacture shoes that provide comfort and support for our hard-working customers.

So whatever you see the ComfortTech seal of innovation, you’ll know we’ve been thinking on your feet.
Because everyone’s feet are different, we include 3 types of insoles free with each pair of SmartSole shoes.

EFFECTIVE FOOT PAIN RELIEF

Is it time to discover a pain free solution to footwear?

Discover the new Toffeln SmartSole range - over two years in the making

Everyone’s feet are different, the way they walk, the way they look and the way they feel. So when it comes to our shoes we don’t take a ‘one size fits all’ approach.

Our advanced range of SmartSoles and customisable insoles will make your working day much more comfortable, no matter your shape or size.

Firm Medium Soft
I DISCOVERED THAT WEARING TOFFELN SHOES MAKES LIGHTER WORK OF A LONG SHIFT.
Toffeln SmartSole Clog

Just when you thought Toffeln clogs couldn’t be more comfortable, we’ve raised the bar again with glove-like fitting and a choice of three insoles that come free with every pair.

FOR FEET

1. Stretch Lining
   Smooth lining eliminates rubbing and discomfort whilst providing a comfortable fit.

2. GripSafe Extreme
   Cutting-edge and super slip-resistant technology helps to reduce accidents at work.

3. Breathable Uppers
   The uppers are extremely breathable, washable, antibacterial, eco-friendly and highly resistant to stains.

4. Lightweight
   Minimises the stress and strain on feet and legs throughout the day.

5. Anti-Static Sole
   Shock absorbing sole specifically incorporated to meet static sensitive situations.

6. Raised Heel
   Helps distribute pressure within the shoe for improved comfort and less fatigue.

Sterile Clean

Shoes have a habit of walking when other theatre staff pick them up accidentally. So this nameable bag will make sure your Toffeln shoes stay yours.

EziBag EB01

Following the many requests for a simple footwear disinfecting system, we decided to research what infection control professionals advised. This research led us to produce our SterileClean™ system.

This system is simple and safe to use on all Toffeln products coming out of contaminated areas. The whole process is generally completed in less than one minute.

FAST.

SOME.

SAFE.

Simple.

1. Connect cleaning pad onto handle.
2. Spray solution onto cleaning pad.
3. Wipe over footwear.
4. Discard cleaning pad.
